Spotlight on Local Female Artists & Young Filmmakers

Christine Schwimmer

Kathleen Kane-Murrell

Alison Haley Paul

The Cultural Arts Office partnered with the Carlsbad High School Film Academy to showcase new short films created by local students this spring in the Schulman Auditorium. The showcase was inspired by *Prom Dress: Seventeen on Being 17*, an exhibition at William D. Cannon Art Gallery.

Curator Karen McGuire commented, "The addition of these films bring a multi-media component to the exhibit and expands the experience around prom. We anticipate that our audience will relive, remember and reminisce about their own prom memories prompted by these artists and filmmakers who are sharing their unique perspective on this rite of passage for many generations."

The *Prom Dress* exhibit presents the art from 17 female artists that evoke and interpret being 17 years old through the prom experience. The student films will be shown at the exhibit until it closes on June 17.
